Module 1 Unit 3
Grammar: Run-on sentences

*The Rule*

You can join two simple sentences with:

either

- a co-ordinating conjunction e.g. *so, or, and, but*

or

- a subordinating conjunction e.g. *because, although, if.*

If you don’t use either a co-ordinating or subordinating conjunction, each sentence remains a sentence in its own right. You must use a full-stop to show this.
